

# SAN DIEGO NONPROFIT CONSORTIUM

## THE NEED

- With 12,000+ local nonprofit organizations and nearly 10,000 vacant positions, there is a need for skilled workers
- Nonprofits often operate in isolation, hindering collaboration and communication among organizations.

## EDUCATION

### TRAINING NONPROFIT PROFESSIONALS

- **Comprehensive Training:** 450 individuals benefit from comprehensive training programs focused on nonprofit management.
- **Partnerships:** Collaborating with Nonprofit Solutions and UCSD Extension ensures participants receive specialized training that enhances both technical and soft skills.
- **Certifications:** Successful completion of the program results in nonprofit management certifications, bolstering participants' employability.

### SUPPORTING UNDERSERVED POPULATIONS

- **Comprehensive Support:** The project extends supportive services such as financial assistance, transportation stipends, childcare support, laptops, and wireless internet to help individuals overcome barriers.
- **Guaranteed Job Placements:** Graduates secure quality nonprofit sector roles aligned with their skills and qualifications.

## COLLABORATION

### WORKING TOGETHER

- **Unified Efforts:** The project fosters collaboration and knowledge-sharing among nonprofit organizations through Employer Working Groups consisting of major nonprofit employers.
- **Innovation:** This collaborative approach encourages innovation and best practice development, contributing to the nonprofit sector's growth and resilience.

### FACILITATING EVENTS

- **Events for Collaboration:** Nonprofits have opportunities to attend events that promote collaboration and the sharing of best practices.
- **Sector Growth:** By addressing workforce challenges, the project actively contributes to the growth and sustainability of the nonprofit sector in San Diego.
